

## NEWS RELEASE FOR IMMEDIATE RELEASE

### Qosmedix Dispensing Brushes

Edgewood, N.Y., November 7, 2005—Qosmedix is pleased to introduce two refillable dispensing brushes. A chic classic black applicator and storage container, these brushes provide a neat and foolproof method of dispensing powders and can be a perfect gift for retail or client. A clear reservoir showcases mineral makeup or shimmering powder products. The 5 inch, small brush (**Part # 30212**) dispenses the powder by gently shaking the brush. The 6 inch, larger brush (**Part # 30213**) dispenses the powder by depressing a button on the top of the brush, sending a measured amount of powder to the bristles. Both brushes have domed goat hair bristles in a protective twist up case with a clear overcap. Custom colors and personalization are available.

Qosmedix carries a comprehensive selection of brushes, from disposable to professional luxury brush sets. We also have an extensive inventory of cosmetic, salon and spa supplies including applicators and packaging. For assistance with samples or requests please call +1 (631) 242-3270, fax +1 (631) 242-3291 or e-mail [info@qosmedix.com](mailto:info@qosmedix.com). You can also ask to receive a copy of our latest 2006 catalog containing thousands of items. Visit our website for up-to-the-minute products at [qosmedix.com](http://qosmedix.com)

Qosmedix is an ISO 9001:2000, ISO 14001 registered leading global supplier of medical quality disposables to the cosmetic, skincare, nail, spa and salon industries.
